

The **CANADIAN** RENTAL MART Returns in 2010!

The **biggest** and most comprehensive **selection** of products available in today's **marketplace.**

TORONTO Congress Centre

March 9, 2010 • 11-5

March 10, 2010 • 11-4

It's your show. **Where industry relationships begin.**

Canada's Showcase of Rental Opportunities

The CANADIAN RENTAL MART was founded in 1978 to meet the needs of the suppliers and buyers in Canada's rental industry.

Whether it be heavy or light construction machinery, general tools, lawn and garden equipment or party goods, the show provides suppliers with a marketplace for their products and services and gives rental store owners and operators a timely opportunity to shop and buy, prior to the busy spring season.

Held in Toronto at the heart of Canada's biggest market for construction, home renovations and party events, the CANADIAN RENTAL MART draws rental company owners, offering them the biggest and most comprehensive selection of products available in today's marketplace. As well, it offers exhibitors the opportunity of a dynamic springboard for 2010 sales!

Right Time to Buy

Following the success of the 2008 Canadian Rental Mart, the exhibition is back for 2010, perfectly timed for the spring buying season. Trade shows and expositions were rated the #1 most useful source of information with which to make a buying decision, according to a study by the Center for Exhibition Industry Research,

because:

- They provide the best opportunity to see exactly what products look like
- They provide the best opportunity to see and evaluate how the products work through demonstrations
- They are the easiest way to evaluate competitive products
- They are the most convenient way to find out who makes the types of products you need

For more than two decades, the CANADIAN RENTAL MART has provided these opportunities.
